

## **Mental Maths Websites**

- 1) [www.mymaths.co.uk](http://www.mymaths.co.uk)  
Pupils should regularly access their Homelearning using this website.
- 2) <http://www.crickweb.co.uk/ks2numeracy-calculation.html>  
A variety of games related to core calculation skills.
- 3) <http://www.crickweb.co.uk/ks2numeracy-multiplication.html>  
A variety of games related to multiplication.
- 4) <http://www.crickweb.co.uk/ks2numeracy-properties-and-ordering.html>  
A variety of games related to the properties of number and ordering.
- 5) <http://www.oswego.org/ocsd-web/games/Mathmagician/cathymath.html>  
This is a timed activity to develop speed and accuracy using involving the four operations.  
I would recommend that pupils regularly access this activity and try to beat their own times!
- 6) <http://www.arcademics.com/games/meteor/meteor.html>  
A fun game to develop speed and accuracy when multiplying.
- 7) <http://www.arcademics.com/games/canoe-puppies/canoe-puppies.html>  
A surprisingly addictive game to develop speed and accuracy when adding two digit numbers.
- 8) <http://www.arcademics.com/games/grand-prix/grand-prix.html>  
Race against other people and develop speed and accuracy when multiplying.
- 9) <http://www.arcademics.com/games/canoe-penguins/canoe-penguins.html>  
This is harder than it sounds!
